

Name _____

Interactive Lesson on Measures of Central Tendency
Review

You need a calculator before working on this!

GO TO <http://www.mathgoodies.com/lessons/vol8/range.html>

It's time to review range, mean, mode and median. If you don't remember how to find the **RANGE**, read the lesson and the examples. Then **SCROLL DOWN** and try your own exercises. You have 5 exercises on finding **RANGE** to try.

Keep track of how you do!

1) How many did you get right on the first try? _____

On the bottom, click **MEAN**. Again, read the examples if you forgot how to find the **MEAN**. Try the 5 exercises. Remember **SCROLL DOWN** to find them.

2) How many did you get right on the first try? _____

Now, go to **MODE**. Try the exercises.

3) How many did you get right on the first try? _____

Now, go to **MEDIAN**. Try the exercises. **Use this space as your work space to organize your data from smallest to largest:**

Problem 1 -

Problem 2-

Problem 3-

Problem 4 -

Problem 5 -

If you need help with any of the answers, click on **Solutions**.

Now, click on **ADVANCED MEAN**. Look at the examples. Then try exercises 1 - 5 below.

Show work please!!! You may use the calculator but you must show how you did these:
